GENERAL INSTRUCTIONS.

This report is for all schools—boarding, day, Government, or contract, except public schools. It must be prepared and forwarded to the Indian Office IMMEDIATELY after the close of each quarter. A duplicate will be retained at the school or agency.

The names of all boys must be grouped at the beginning of the report in alphabetical order, and then followed by the girls similarly grouped. The information called for under each heading must be supplied in every case. If for any exhibit there is nothing to report, the word "None" should be substituted.

The principal of each school must prepare this report and sign the "Teacher's Certificate."

During vacation or temporary suspension of a school, reports must be made stating the fact. The reports for the quarters ending September 30 and June 30 should give the number of pupils who remained at the school during the vacation period on separate sheet No. 5-246a, so that the record will agree with accounts papers in the matter of issuing rations to pupils. Rations will be issued to the number of pupils in daily attendance as shown upon this report, less attendance credited on the account of outing pupils.

Whenever required the physician's certificate must be executed.

The superintendent must carefully examine this report and see that it is a correct statement of pupils and attendance, and forward one copy to the Commissioner of Indian Affairs.

* Those stated were dropped before Xmas

*The names of pupils dropped from the rolls during the quarter must be entered here in alphabetical order, grouped separately by sexes. The names of all pupils here recorded must also appear on the preceding pages, in their proper places, in order that the school may receive credit for the number of days they were in attendance.
If a pupil is withdrawn and returns during the same quarter the name should not be included, as he is not considered "dropped."
Pupils who remain at the school during vacation and leave before the session actually opens should not be included. Make a separate report for such vacation pupils.

SPECIAL INSTRUCTIONS.

- The number of days school is in session corresponds in boarding schools to the number of days in the quarter, except in the quarters during which school is in vacation, when the average attendance for the actual number of days school is in session shall be regarded as the average attendance for that quarter. In day schools the number corresponds to the number of days in the quarter, less Saturdays, Sundays, and authorized holidays.
- For the first quarter of the year this inquiry will be blank. For each of the last three quarters this entry will agree with item 4 of the preceding quarter.
- For the first quarter of the fiscal year this should include all pupils in attendance during any portion of the quarter when school was actually in session. If pupils are carried on the rolls during the vacation period and are dropped before the session opens they should not be included. This also applies to all answers to inquiries in this recapitulated statement. (See General Instructions for the method of reporting these pupils.) For the last three quarters of the year report on this line only the new enrollments during the quarter, not including pupils returned who have been withdrawn during some preceding quarter of the current fiscal year. These withdrawn pupils should be reported on line 8.
- This is the total of 2 and 3, and in every case should represent the actual number of different pupils who have been in school during the year.
- This inquiry should be blank for the first quarter of the fiscal year. For the remaining quarters of the year it must show the actual number of pupils dropped from the rolls for the preceding quarters, not counting pupils dropped or withdrawn during the vacation period.
Pupils should not be classed as dropped or withdrawn if they leave school and return again during the same quarter.
- See last paragraph of instructions for Inquiry 5.
- This is the total of 5 and 6, and should represent the actual number of pupils who have been dropped from the rolls during the current fiscal year.
- The pupils dropped during the year and who have been returned must be here reported, then deducted from Inquiry 7, and the difference carried to the last column.
- Deduct the final entry on line 8 from the total on line 4; the result will be the number of pupils on the rolls at the close of the quarter.
- This inquiry should show the actual number of different pupils in school during any portion of the quarter, and will agree with the total number of names entered in column 2 on the preceding pages. The figures here shown should be equal to the sum of the entries on lines 6 and 9. The difference between Inquiries 4 and 5, plus that of Inquiry 8, should give the same result.
- The average attendance is obtained by dividing the total number of days in attendance by the number of days school was in session. This must be calculated correctly and carried to one decimal place.

NOTE.—Prepare a separate quarterly report for any full-blood white pupils attending the school.
